**11. Miscellaneous**

During 18 years (1997-2015), I served as the Director of Nursing and was a member of the board of directors at Rambam Medical Center (4500 employees, including 1600 nurses). Additionally, I was actively involved in nationally policy making forums of the Ministry of Health that influenced the Nursing profession in Israel (Please see attached Appendix on management expertise).

Although the work was demanding and required being on call 24 hours/day, I continued with teaching and research work over the years.

In 2015, I retired from my position as Director of Nursing at Rambam Medical Center.

In 2016, I initiated a new academic career devoted solely to research and teaching.

## **L. Summary of my Activities and Future Plans**

### **Management experience**

Director of Nursing and Director of Nursing research at Rambam Health Care Campus

During 18 years (1997-2015), I served as Director of Nursing and director of nursing Research at Rambam Health Care Campus (RHCC), a 1,000-bed academic and military hospital serving over 2 million residents in northern Israel. RHCC is a tertiary referral center for 12 district hospitals, the Israel Defense Force (IDF) and international peacekeeping forces. In my position as Director of Nursing, I was an active member of the Rambam Board of Directors, responsible for 4500 employees, including direct responsibility for 1600 nurses. In addition, I was active in nationwide leadership and management forums that impacted the nursing profession in Israel.

### **Educational experience and future academic plans**

Since 2016 I have started a tenure position at the Department of Nursing at The Max Stern Academic College of Emek Yezreel. In 2018 I was ranked Associate Professor and developed a new Master's (M.A.) program in Nursing, specializing in "Clinical Nursing Leadership". In the academic year 2019/2020 I was nominated the Head of the Nursing Department and in the academic year 2020/2021, the Head of the new Master's program.

Additionally, I am planning to continue with research and teaching activities and being involved in college activities and committees.

## **Future Research Plans**
